GOVT. DEGREE COLLEGE KULGAM AN OVERVIEW

Govt. Degree College Kulgam is a premier higher educational institution of the University of Kashmir with an exemplary mission to nurture young men & women who are equipped to achieve success in a rapidly changing, deeply interconnected world. GDC Kulgam was established in the year 2004 by the erstwhile state of Jammu and Kashmir. The college has come a long way from those early years. It is today one of the leading institutions for Sciences, Social Sciences, Humanities and Commerce, while also offering B.Sc. Programmes in Mathematics and Statistics & full programme in BCA & BBA in the J&K. The GDC Kulgam is one of the leading places for young boys and girls to emerge as 'sheroes/heroes' of the world. Be it academics, extra-curricular or co-curricular activities, GDC Kulgam has proven itself time and again. Even in monumentally challenging times such as the Covid-19 pandemic, GDC Kulgam has emerged as a beacon of excellence. The college is already accredited by the NAAC for its first cycle in the year 2019, and now we prepares for and looking forward to the second cycle of the NAAC accreditation process in the coming months. We continue to pursue our goal of equity in offline learning spaces. Our faculty are trained from some of the best places and update themselves consistently.

The college has a very beautiful campus spreading over 92 Kanals of land. Most of the sports activities are being organized within the campus. The College has all the necessary laboratory equipment for improving the teaching-learning process. The college campus is Wi-Fi enabled. There are around 21000 books in the library. Three spacious computer laboratories and a Browsing Centre with modern state of art facilities and sufficient power backup are functioning in the college. 50KVA solar power plant provides power to important sections of the college. GDC Kulgam has an extremely active National Service Scheme, National Cadet Corps. In addition, there are several societies for extra-curricular activities like Debating, Dramatics, Culture and Creative Writing. The student societies work throughout the year at an impressive pitch providing avenues for the expression of the creative potential of the student community. The college perceives the real challenge to be that of infusing in students a sensibility that can differentiate between just making a career and having a vocation. The college is on its way to broadening the entire spectrum of Higher Education in the light of modern perspectives under the dynamic leadership of Principal Prof. Manzoor Ahmad Lone.

The year gone by has witnessed some remarkable achievements in taking the GDC Kulgam to the next level. PRINCIPAL'S REPORT

The Govt. Degree College Kulgam is a Co-Education Institution with an enrollment of six thousand students. This institution emerges now as the largest college from South Kashmir with the most modern facilities viz. IT Networking, Browsing Centers, Language Lab, Gymnasium, Science Laboratories, GIS lab, Anthropology Lab, and Digital classrooms, etc. The college has taken lead in developing its infrastructure and the construction of new projects like the auditorium and library block shall be completed by 2024 Insha'Allah. The college has received a new patch of land nearly eight kanals with the help of worthy Deputy Commissioner Kulgam for which we are grateful to his entire office. The college has a proposal to construct a separate Indoor Stadium for the physical activities of the students on the new patch of land. The institution has set its goal for the best human resource development and quality education in the years to come. I also advise my faculty and students to make a judicious and optimal utilization of the facilities available in the college.

I congratulate the IQAC Team, its coordinator, and all the conveners, HODs, faculty, and students of this institution, whose hard work has made it possible to bring out the college 2022 Annual Report in the form of a Newsletter. I am highly delighted to release this report, which encapsulates achievements in the field of infrastructure, development, academics, co-curricular and extra-co-curricular activities, sports, NSS, NCC, Debates, Culture, etc. for the year 2022.

Dr. Mohd Younes Bhat

IQAC Coordinator

It's a brand new year scintillating with hope and anticipation. Dear colleagues and students, it is my immense pleasure to write a few words regarding this Annual Report-2022 in the form of the College News Letter-Issue 09. The new academic year always starts with great expectations and a sense of new beginnings, fresh ideas, and initiatives. At the same time, we cherish and search for the events that unfolded during the previous academic year. The Annual Report-2022 encapsulates all the activities and events that have been achieved by the college during the year 2022. The year 2022 has been one of the most remarkable years in the history of the college. The college has excelled in all fields be it sports, development, academics, community services, etc. At the same time, I am optimistic that the new year will unravel new hope and will mesmerize us with the fresh and smooth conduct of academic excellence. The College IQAC has successfully submitted its fourth AQAR and is looking forward to the successful completion of the NAAC Accreditation for its second cycle. The IQAC has also successfully submitted data for ARIIA and NIRF ranking, which itself is a great success for the college.
