## Tour Diary

In compliance with Order No: GDCK/Estt/23/743, Dated: 20/06/2017, the Department of Computer Applications organized a one-day picnic or exposure visit for the students of the department on 21/06/2023. The chosen destination for the outing was Duksum Anantnag, a picturesque location known for its natural beauty. To accommodate the students, two buses were arranged for the trip—one from GDC Kulgam and the other from GDC Bijbihara.

On the morning of 21/06/2023, the students and the escorting staff gathered in the college campus. Before embarking on the journey, the students were given instructions to strictly follow the guidance of the escorting staff and maintain discipline throughout the trip. The Head of the Department, Prof Sajad Ahmad Shah, emphasized the importance of adhering to these instructions.

At 9:00 am, the buses departed from the college campus, setting off towards the much-anticipated destination—Duksum. The journey itself was likely filled with excitement and anticipation as the students looked forward to the day ahead. After a pleasant drive, the buses reached Duksum at 11:30 am, where the students were greeted by the breath-taking natural beauty of the place.

However, amidst their enjoyment, the students noticed a significant drawback—the absence of mobile calling and internet facility. This lack of connectivity posed a challenge for the visiting students, who might have wanted to stay connected or access information during their trip. To address this issue, the students recommended that the relevant service providers be approached and requested to ensure that Duksum and similar tourist spots are equipped with mobile network coverage and internet facilities.

After spending some time appreciating the natural surroundings, the students and staff left Duksum at 2:00 pm and proceeded towards their next destination, Kokernag. They reached Kokernag by 2:30 pm and decided to have lunch in the beautiful Kokernag garden. The escorting staff took care of the entry fee for the students, ensuring that they could enjoy their visit without any financial burden. Additionally, the students were provided with some light refreshments, further enhancing their experience.

At 4:00 pm, the buses departed from Kokernag, beginning their journey back to Kulgam. The students, likely tired yet content from a day filled with exploration and enjoyment, embarked on the return journey. Finally, at 6:00 pm, the buses arrived back at the college campus, marking the end of the trip. The students then bid farewell to their peers and teachers, heading home with memories of a delightful day.

Reflecting on the outing, all the students expressed their appreciation for the escorting staff's kind cooperation throughout the trip. The staff's guidance and support undoubtedly contributed to the students' enjoyable experience. Grateful for the opportunity to explore and have a great time, the students thanked the staff for organizing such a memorable excursion.
